# The Mighty Meat Snack conquers The Horrible Hungries.

You've tangled with the Hungries before. They sneak up behind you at the library, and make your stomach growl until your face turns red. They strike when you're halfway home from school, at least ten minutes from the nearest sandwich.

If you want to be ready, next time the Hungries come around, try taking along your pocket-size secret weapon.

Slim Jim® The mighty meat snack you can carry anywhere, and eat anytime. In six Hungries-conquering flavors—mild, spicy, pizza, bacon, salami, and pepperoni.

So pick up Slim Jim the next time you stop by the grocery store.

If you don't, and the Hungries get you, don't say we didn't warn you.

A little more than a snack.**

90 MARVEL COMICS GROUP, 575 MADISON AVE., N.Y.C. 10022

Dear Chris and Dave,

I love you both. I love your pencils and your typewriter. I love your armadillo. And most of all, I love the all new X-Men. You've done it. I never thought I'd hear me say this, much less put it in writing but I think I like them better than the originals. (Okay, so maybe it helps that everyone has finally found a home.)

Sam Mandel has right to his opinion, but anyone who could dislike this comic must be out of the twilight zone.

Jo Duffy  
81 Kensington Road  
Garden City, NY 11530

Things got a little hairy when yours truly got to the part about you loving the X-MEN armadillo, Jo; I mean, I was half-way to the elevator an' burnin' linoleum—which is pretty swift for a body whose basic mode of transportation is a waddle—before Shooter tackled me. I fought like an anteater—also pretty impressive when you're only a foot long and don't come equipped with teeth—and I was almost out the door when Jumbo John Verpoorten got me. (Good thing I'm armor plated, otherwise I'd have been a goner for sure!) Next thing I knew, I was in a cold shower and... huh, Shooter? Oh, right, the lettercol.

To be brief—but heartfelt—Chris thanks you. Dave thanks you. And I...I would like a date! Say, tonight, midnight, Bronx Zoo—ouch!! Hey, you guys, quit hitting, I didn't really mean it. OUCH!

Dear X People

I've been trying to write this letter since X-MEN #97, but just couldn't express my thoughts until now. As a Marvel te whose greatest love has always been the X-Men (ever since issue #6, back in 1964), I must say that you've completely won me over to the new X-Men.

Issue #101 was a prime example of why. For me, every thing about it clicked—the beautiful cover, the reference to Professor X's one-issue love interest in Jean (an isolated thought in X-MEN #31), the continually exciting graphics of Dave Cockrum (he really appears to enjoy his work on this book), and perhaps most importantly, the many-faceted characterization Chris Claremont gives our heroes. The insights into each member of the cast are neatly balanced, thus we get to know them all a little better each time they appear. I can feel the emotions of these people. Scott's response to the news of Jean's recovery is just one of many such finely drawn portrayals.

There is a smooth, strong flow from one major story to the next, thanks to an intricate interweaving of subplots—Marvel's (and Claremont's) strong suit. At the same time, we are presented with enough of the mysterious and the unexplained to keep us constantly intrigued about future developments.

I could go on and on with this, but as a partial balance to this praise, let me say that I do disagree on the logic of sending the new members away to Ireland when their love for Jean would be as big a help as the care given by Scott and the Professor. Yet, too, the storyline would not have advanced to Ireland this quickly without the enforced vacation, and it is the results which count. No matter, it was a piddling complaint in contrast to the excellence of what you're doing. I get a great joy from reading X-MEN, thank you for your efforts.

Kent Roberts  
224 75th Street  
Brooklyn, NY 11209

Pardon me a moment while I dry off, Kent—hoo-boy, two cold showers in one day, things are getting out of hand!

But as to why the Prof sent his pupils on a vacation, you've got to remember that the initial stage of Jean's recovery would be in hospital, where the X-Men's constant presence would tend to disrupt the operating routine and perhaps even compromise their secret identities—such as they are. And, again, Jean's basic need was for peace and quiet and the X-Men's normally rambunctious natures would tend to toss that right out the window. And, finally, with Xavier being plagued more and more by his outer-space "dreams", he was as much in need of relaxation as Jean. He couldn't take care of both Jean and the X-Men, so he turned them loose on their own.

Dear Chris,

I consider myself lucky to have bought X-MEN #101. It was fantastic in every sense of the word. Dave Cockrum's art was at its best. Because I live in Ireland, I thank you for setting your story in my country. The story was great, but where does the Phoenix come into it?

I did spot one big mistake. We don't have steam locomotives any more in Ireland. I get over five mags a month, and X-MEN is my favorite.

Kevin Fitzgerald  
66 Butterfield Close  
Rathfarnham, Dublin 14, Ireland

We're glad we're your favorite mag, Kevin; we sure intend to keep it that way—and don't you worry about Phoenix. She busts loose next issue with a vengeance, taking on one of the most powerful cosmic critters in Marvel's corral: Galactus' former herald—Firelord! And she has to fight him *alone*, with no X-Men to help her.

By the way, Chris was so shocked by your statement that Ireland has no more steam locomotives that he decided to fly over there to check things out for himself. And, sure enough, Kevin, you're absolutely right, the locos are either diesel or electric! A no-prize will be on its way to you with the next mail. Chris also said he had a great time in Dublin and can't wait to visit Eire again.

## STAN LEE'S SOAPBOX

Okay gang, this one's too exciting to keep for another minute! Every time I speak at some college or convention, someone's sure to ask me, "Hey, when are you gonna write some more comic books?" or "How about you and Kirby teamin' up again?" We don't really have time to write a regular steady mag anymore, but Jolly Jack and I have been teamin' up for one big juicy, super-sensational project—and we've finally got it! Yep! The contracts are being written right now. We're planning to write and draw the longest and greatest comic book story a hardcover edition to be published by Simon & Schuster, an original novel-length epic adventure of—**THE SILVER SURFER!** It'll be the toughest project we've ever attempted, cause everyone'll be waiting for it, and it'll be as great as we hope it'll be! People I start saying,

"Aw, that guy Lee is over the hill!" or "Lee and Kirby, big deal!" So you can bet we'll do everything we can to make it the absolutely all-time most stupendous illustrated saga ever produced! It'll be on sale towards the end of '77, so start saving your shekels now, if one single copy remains unsold, we'll know that one of you goofed! And while you're waiting, you needn't despair, there are still a few thousand copies of **BRING ON THE BAD GUYS** waiting for you to give 'em a home. Just go to your nearest book store, look intelligent and yell, "Make Mine Marvel!" And if you play your cards right, you might also be able to find a combo pack of **ORIGINS** and **SON OF ORIGINS**, as well. In fact, if you wanna buy 'em in a real fun place and you happen to be near New Jersey's Livingston Mall, drop in to the new Super-hero Shop where you can get all of Marvel's toy, game, and novelty goodies. But! Now before you start thinking we're tryin' to tell you something, let me give you something to worry about: King Kirby lives in California, and I hang my little pointy hat in New York. That means we're gonna have to collaborate on creating the world's greatest single comic book while we're 3,000 miles apart! And you think you've got troubles? Anyway, I'll issue a progress report here in ye olde Soapbox from time to time, so you can see how we're doing. Well, now that I've told you all about the upcoming **SILVER SURFER** sensation, maybe I oughta tell Kirby. He hates to be the last to know! And now, til next month, Believer, keep your surfboard shiny and always remember: Gardez la foi!

Excelsior!

**ITEM:** The snowy winds of winter may be blowing when you read this, but as your loyal armadillo hunts and pecks his way through these newsworthy nibbles, it's still Indian summer. And that's the name of one of the biggest events in all of comics, namely the annual World Comic Convention at Locca Italy. For four frantic days, thousands of fans from all over the globe gather to attend panels, symposiums, and exhibits honoring the top creators in the comic book comic strip field. Among those honored in the past has been our own smiling leader **STAN THE MAN LEE**. This year, **JACK KING KIRBY** has been chosen as one of the guests of honor and is attending the convention with his wonderful wife, **ROSALIND**. We couldn't be happier. The guy who, through the countless comics he's created, has enabled the rest of us to travel to such far-flung places as the Negative Zone, Asgard, and Ego's biverse, is finally getting time off from the drawing board to do some traveling himself. It's about time, Jack. Just don't forget to come back, you're the only one (outside of **THE ETERNALS**) who can keep those Garz off our backs!

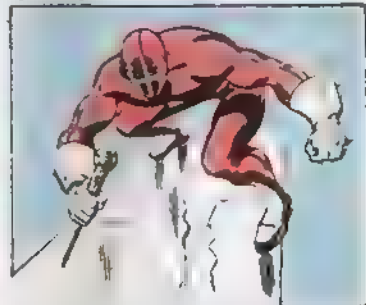

**ITEM:** Department of Deja Vu: January is the month when **MARVEL PREVIEW** features **MAN GOD**, his year's newstand. You say you have the feeling you've read that bit of news before? At night, we confess. The last time when we announced the contents of the upcoming issue of our \$1.00 size black and white sampler book, it was supposed to be **MAN GOD**, the oft-postponed Roy Thomas and Tony DeZuniga awesome adaptation of Philip Wylie's **GLADIATOR**. No sooner had we committed ourselves in print than a large section of the recently completed pages disappeared in transit into the nether realms of the United States mail. When they emerged safely, if somewhat frayed around the edges, we'd already been forced to substitute the **LEGION OF MONSTERS**. Now it's time to try again. **MAN GOD** has set a record as one of our most prominent, most postponed projects ever. Have we finally beaten the curse that seems to haunt it? Only your local newstand knows for sure.

**ITEM:** While we're mentioning the bombastic creations of our bustling black and white department, let's get in an early plug for the newest title in that line: **THE RAMPAGING HULK**. The second sensational issue will be on sale next month and has our grim goliath pitted against the original X-Men. It's yet another epic-length episode by **DOUG MOENCH**, **WALT SIMONSON**, and **ALFREDO ALCALA**. At that, it's a blazing **BLOODSTONE** back-up feature. Watch for it!

**ITEM:** On the personal front, let's welcome Shimmering **SHARON NG**, all-around aide to our Vice President of Operations, **JOLY SOLLY BRODSKY**. And we can also say welcome back to Nuff Said, **NELSON YOMTOV**, peerless production prince of our reprint line and sure-handed third baseman on the Bullpen softball team. Nuff just returned

last fall from two weeks vacation in Hawaii, an object of envy for every pale and fluffier armadillo on the staff. Fortunately, nice guy that he is, Nuff brought back principles and shipped them into the cages so ever our overworked bullpeners could have a taste of island life, too. Meanwhile, even before receiving his pineapple ace ink, Fearless **FRANK GIACOA** was beaming happily. And it's no wonder, since he's filled with pride for his youngest daughter, **MARYARET**, who was just recently married. Justest and warmest to both of you, Frank!

**ITEM:** By the time you're reading this, you probably will already have heard about **THE HUMAN FLY**. No, not the villain who debuted in last year's **SPIDER-MAN ANNUAL**. The fella we're talking about is an actual daredevil who specializes in the kind of hair-raising stunts usually reserved for the super types cavorting through the pages of our comics, and who will probably be in for some network TV coverage about the time this reaches you. But even if by chance you're one of those rare and resolute souls who refuses to watch the tube, you're still going to be hearing about **THE HUMAN FLY**, because merry Marvel's about to launch a very special comic book series based on this real-life super hero. The stories are going to be fictional, but the background we'll draw upon is the Fly's own and is as exciting and incredible as any fictional adventurer's life ever was. As the book takes shape, we'll be keeping you informed of all the details. This is going to be an unusual one, so stay alert for it, hear?

**ITEM:** And as long as we're filling you in on future developments, let's look way ahead to next summer and finish with a rundown of what's in store in the way of 50¢ King-size Annuals. In no particular order, they are: **THE INCREDIBLE HULK**, **CAPT. AMERICA**, **HOWARD THE DUCK**, **AMAZING SPIDER-MAN**, **MASTER OF KUNG FU**, **THE DEFENDERS**, **THOR**, **THE ETERNALS**, **FANTASTIC FOUR**, **INVADERS**, **IRON MAN**, **MARVEL TWO-IN-ONE** (which co-stars **SPIDEY** with the book's ever-lovin' blue-eyed host, **AVENGERS**), and **CONAN THE BARBARIAN**. Work's already started on some of them, and we think we've got a few pleasant surprises for you. We'll be revealing one or two of them next month. See you then.

# MAKE MONEY GET PRIZES

## with Fast Selling American Seeds

Take your choice of 100 wonderful prizes. You can earn as many as you want—quickly, easily. Most prizes shown here and many more in our Big Prize Book are given **WITHOUT COST** for selling just one 45-pack order of American Vegetable and Flower Seeds at 40¢ a pack. Some of the larger prizes require more sales or extra money as explained in the Big Prize Book.

**Send NO MONEY, We Trust You**

Everybody wants American Seeds. They're fresh and ready to grow. You'll sell them quickly to family, friends and neighbors. Many boys and girls sell their packs in one day. You can, too—and get your prize at once. Or, if you want money instead of a prize, keep \$6.00 for every 45-pack order you sell. There's no risk; any unsold packs may be returned.
